Set 2 — starts at count 16

Static set

Diagram illustrating a 1D lattice structure with 15 sites. The central site (site 8) is occupied by a fermion, represented by a circle with a dot. A label 'C' is placed to the left of the fermion. A text box with a pointer to the fermion contains the text 'First line' and 'Second line'. The horizontal axis is labeled with values 10, 20, 30, 40, 50, 40, 30, 20, 10 from left to right, indicating a distance or energy scale.
